

You May Begin!

Directions: Carefully read the entire worksheet before doing anything. Then simply complete the second to last question.

1. Write today's date in the top right hand corner of the worksheet.
2. Write the answer to this multiplication problem directly under the date. ($6 \times 5 =$)
3. Write the name of the month that starts with "D" in the upper left hand corner.
4. Add 15 to the answer you got to problem #2. Write the answer directly under the answer you got for problem #2.
5. Stand up quietly and spin once.
6. In the lower right hand corner draw a rectangle.
7. Under the answer to problem 4, write, "This test is easy!"
8. Write the current name of the United States President anywhere on this paper.
9. Think of a number between 1 and 50. Add 20 and divide by 2. Write you answer at the end of this question:
10. Write your name at the top of this sheet. Try to center it.
11. Take the number of dwarfs in the Snow White story and add it to the number of bears in the Goldilocks story. Write the answer on the bottom left of this worksheet.
12. Now that you've read all of the questions to this worksheet, and haven't done any work, go back and answer only question 10.
13. Sit quietly and wait once you've completed the worksheet.
