Log into Career Cruising. Find your most recent Career Matchmaker results and make sure you've answered all 116 questions. Select 2 careers to explore from your list of results. Career 1 should be your favorite result and Career 2 can be any career from the list. **Make sure to save both careers to your plan!**

Career 1: _____

What is the annual income of a person who works in this career?

What level of education/training is required for a person in this career?

What are 2 challenges for a person who works in this career? (Another way to think about challenges are things you'd find hard.)

What are 2 benefits for a person who works in this career? (Another way to think about benefits are things you'd like.)

View the interviews. Who did you choose to view? Name 2 things you found surprising about what they said.

Career 2: _____

What is the annual income of a person who works in this career?

What level of education/training is required for a person in this career?

What are 2 challenges for a person who works in this career?

What are 2 benefits for a person who works in this career?

View the interviews. Who did you choose to view? Name 2 things you found surprising about what they said.

Journal Activity: When you're done exploring your 2 careers make a Journal entry in your plan. (You can find the "Journal" section underneath the "My Plan" button located under your name at the top of the screen.) Title your Journal entry with "Today's date.Career Matchmaker," (ex. 2.19.19.Career Matchmaker) and answer these questions:

- a. Out of the two careers you explored, which one would you choose? Why?
- b. What do you think you'd have to do to get a job in that career?
- c. Why did you identify the challenges you did? Why would they be hard for you?
