

## **HERO'S JOURNEY: *Creating Your Own Greek Hero***

Using the link posted below, create your own Greek hero using knowledge you've gained from your exploration of the Trojan War, epic heroism, and gods and goddesses of Mount Olympus. Fill in each box with details that describe how your hero came to be, what his upbringing was like, and how he meets the criteria of a hero. The more detail you use, the more convincing, interesting, and better the story of your hero will be. Be prepared to share the story of your hero with the class together when finished.

<http://www.readwritethink.org/files/resources/interactives/herosjourney/>

Criteria: Make sure to include the following in your explanations:

- 4+ sentences per trait/box (you'll end up with 10 traits/boxes total)
- Inclusion of information learned in class: Each section should exemplify some connection between your hero's life and the knowledge you've collected about the Trojan War, epic heroism, and Greek gods and goddesses. Not including these things regularly will result in a lowered grade
- Understanding of a hero's characteristics & qualities

When finished, click "preview" and check over all sentences for detail. Edit any spelling or grammar mistakes as needed. Then, when finished, click "print." and be prepared to share your hero's story with the class. If you finish early, you can read SSR (hint- that stands for SILENT sustained reading ☺).
