| Pre-read Questions | <ol style="list-style-type: none"> Do you believe that advice on how to be ethical changed in the last 15 years? Why or why not? Do you believe that “getting away with an unethical/illegal action” encourages more of the same behavior? Why or why not? Do you feel that a single individual is capable of bringing down an organization due to unethical or illegal actions? Explain your opinion and use examples when possible. | 9 | |
| Vocabulary | <p>The attached article, “Enron and the Ethical Choices we all Face,” has many vocabulary terms that the “average” person probably couldn’t define if asked. I found about 16 words in the article that I felt fit this category. Skim through the article and find 10 words that you don’t know the definition of. Underline them in the article and then list and define the words (as they relate to the article) in your document from the pre-read questions.</p> | 10 | |
| Research | <p>What effect did Enron’s collapse have on the economy in the early 2000’s? (discuss at least one impact with details) What was the connection between Enron and Arthur Anderson (a Big 5 Accounting Firm at the time) and what happened to the accounting firm as a result of their actions? What were the consequences for the top Enron executives who were found guilty? (include the names and the specific outcomes of their criminal cases)</p> | 18 | |
| Read, Annotate, Summarize | <p>Part 1: Read through the Enron article and highlight the key points the author is making about ethical choices. There are several! Turn in article with project.</p> | 10 | |
| | <p>Part 2: Type up a paragraph reflection based on the reading that answers the following prompts:</p> <ul style="list-style-type: none"> Two key points from the article that I agree with are...because... Out of the six steps outlining ethical integrity, which one would be the “most challenging” for you? Why? | 10 | |
